

FEED AND GRAIN DUST STOP OIL

MULTI-PURPOSE PROTECTIVE DUST CONTROL OIL

Product Description: Though used primarily for feed and grain dust control, this white oil may also be used as a lubricant and rust preventative in NSF approved food processing facilities.

Features:

- For dust control in the processing of grain in milling operations.
- Can be applied to all grains at a rate of 1 to 1½ gallons per 1000 bushels.
- As a lubricant and rust preventative in facilities where there may be incidental food contact.
- This product complies with NSF/FDA Food Additive Regulation 172.878 & 178.3620 of Title 21 of the Code of Federal Regulations.
- Certified Kosher and Pareve for Passover.
- Certified Crescent M Halal.

Typical Uses:

- Contains 10 ppm Vitamin E. as an oxidation inhibitor - greatly extends the "life" of the oil.
- Low volatility.
- Low pour point.
- Excellent color stability.
- Economical.
- Odorless and tasteless.
- Retains dust suppression for a period of several handlings.
- Will not develop rancidity with long term storage.

Typical Specifications:

ISO GRADE	10
Gravity °API	33.3
Flash Point, °F.	350
Fire Point, °F.	390
Pour Point, °F.	-4
Viscosity:	
cSt @ 40°C.	11.1
cSt @100°C.	2.97
Color, Saybolt	+ 30
