

TRAC ROLL GREASE

TRACTOR ROLLER LUBRICANT FOR CRAWLER TRACTORS

Product Description: TRAC ROLL GREASE MEDIUM is an extremely adhesive tacky grease made from high quality solvent refined base oil. The natural oxidation stability of the base oil and lithium soap stock results in excellent service life. Adhesive properties of grease acts as a seal and prevents water from contaminating rollers.

Features:

- Water resistant.
- Prevents outside contamination from entering rollers.
- Protects seals and extends roller life.

Typical Uses:

- Recommended for the lubrication of trac-roller bearings on all types of crawler tractors.

Typical Specifications:

GRADE, NLGI	0
Penetration @ 77° F. (ASTM Worked)	360-380
Dropping Point, ASTM, °F.	350
Soap Type	Li12HSA
Color	Amber
Base Oil Viscosity:	
cSt. @ 40°C.	227
cSt. @ 100°C.	15.0
